

Hire Chillers

ColdLogic

Cold Logic is your refrigeration hire equipment specialist.

We have a range of hire chillers (industrial air cooled chillers or water cooled chillers) that can be dispatched and setup anywhere in Australia.

Our hire chiller ranges from 100kW through to 1000kW and operating from +15deg C to -10deg C. Cold Logic can assist with any hire chiller requirement for short term or long term hire.

If you need:

- Coverage for increased cooling capacity
- Refrigeration for annual shut down
- Short or medium term hire during vintage
- Emergency breakdown refrigeration

Cold Logic has a hire solution for you. No hidden surprises

Cold Logic also offers flexible options where equipment can be leased on a rent-to-own basis.
