WHERE **REAL** CONVERSATIONS SHAPE THE FUTURE OF WINE

SMARTER GROWING, BETTER YIELDS

From precision viticulture to climate-smart solutions, discover the latest tools to help you grow better grapes, reduce inputs, and increase profit.

SEE WHAT'S NEXT IN WINERY TECH

Get hands-on with the latest crushing, pressing, fermenting, bottling, and lab technologies — all in one place.

NEXT-GEN SUSTAINABILITY

Future-proof your business with regenerative practices, waste reduction strategies, and energy-saving systems tailored for vineyards and wineries.

AUSTRALIA'S LARGEST WINE INDUSTRY EVENT

It's the only place where every link in the grape-to-glass chain comes together — vineyard to winery, science to sales.

FACE-TO-FACE WITH THE BEST MINDS IN THE BUSINESS

Tap into expertise from leading winemakers, viticulturists, scientists, and tech innovators solving the industry's biggest challenges.

SOLVE REAL PROBLEMS IN REAL TIME

Whether it's water efficiency, pest pressure, labour shortages, or fermentation control — find practical answers, fast.

INNOVATION YOU CAN TASTE

Explore emerging wine styles, flavour profiles, and production techniques driven by data, climate, and consumer demand.

YOUR BEST NETWORKING OPPORTUNITY OF 2025

Build relationships with suppliers, fellow growers, winemakers, and industry leaders — because great wine is a team effort.

GET AHEAD OR GET LEFT BEHIND

The industry is evolving fast. WineTech is your chance to stay competitive, stay informed, and stay in the game.

THE FUTURE OF WINE STARTS AT WINETECH

WELCOME TO WINETECH 2025

Welcome to WineTech 2025 – Where Real Conversations Shape the Future of Wine.

In an industry as hands-on and passionate as winemaking, real conversations still matter. In fact, they matter more than ever!

In a world of digital updates and sales emails, nothing compares to seeing the equipment up close, talking directly to the people who made it, and getting real answers from those who know it best.

That's what WineTech is all about.

This isn't just another date on the industry calendar – it's a powerful three-day gathering of innovation, insight, and connection across every link in the wine production chain.

Why attend? Because you can't download a handshake.

WineTech is your opportunity to:

- Speak directly with suppliers and decision-makers. Skip the pitch decks – ask the tough questions and get straight answers about performance, service and ROI.
- See the technology in action. Touch it. Watch it run. Understand exactly how it fits into your operation – and how it can improve it.

- Gain insights you won't find online. It's the off-the-cuff comment, the clever tip, the shared experience that makes a lasting impact – and you only get that in person.
- Explore solutions across the entire wine supply chain. From vineyard to bottle, you'll discover tools, tech, and practical know-how to help your business grow.

Every conversation you have at WineTech could be the turning point – unlocking a new idea, solving a lingering problem, or connecting you with the right partner.

It's not about pressure; it's about possibilities.

As the Australian wine world turns its eyes to Adelaide this July, this is your moment. WineTech 2025 will host over 160 exhibitors, the latest gear and tech, future-focused floor talks, and the brightest minds in the business.

Whether you're a seasoned operator or an emerging talent, WineTech is where bold ideas meet practical solutions. It's where you rethink what's possible – and raise your glass to what's next.

So let's talk – in person.

We'll see you in Adelaide.

Warm regards,

Gary Fitz-Roy
Managing Director,
Expertise Events
